PROLOGUE

If we are to continue to enjoy our heritage of freedom, we must be aware that a continuous struggle is part of the price. We have to be willing to meet both the external and internal threats to this way of life, to take the time needed to be well informed, to develop the patience and tolerance necessary, and above all, we must be keenly aware of the difference between a mistake that just delays the growth of freedom and a mistake that strikes at the very roots of the democratic way of life.

Our country was founded because someone believed that a better way of life could exist. For the past two centuries our democratic system has proved itself adequate to the majority of our needs. We Americans cannot realize any other possible way. Yet, we are now being faced with a relatively new concept of governing, Communism. We realize, as young citizens, that it shall soon be our responsibility to defend and prove that democracy is the better way of life. We can no longer rely upon our past record. If we really feel that democracy is our Manifest Destiny, we must fight for our beliefs with a new vigor, not as our forefathers did but with an approach appealing to the people of today's world.

THE BOARD OF EDUCATION

This year the Board of Education has been enlarged from five to seven members to represent our expanding school district. These men are responsible for supervising our school and hiring the Superintendent. The Superintendent then recommends faculty applications and hiring of teachers. Regular monthly meetings are held by the board and Mr. Tysse. Reading from left to right the board members are: Mr. Herold Stark, Mr. Hugh Grannis, Mr. Walter Pratt, Mr. Gordon Rector, Mr. E. Ray Gordon, Dr. R. B. Branyan, and Mr. Tom Bliss.

Mr. C. J. Tysse
Superintendent

Mr. J. P. Coady
Principal

Clarence J. Tysse
Superintendent

John P. Coady
Principal

*Best wishes,
Jerry Bailey*

Capable secretaries are necessary to the efficient operation of any big business. Our school is no exception. The superintendent and principal are ably assisted by Mrs. Ernestine Coady and Miss Terry Bailey.

Since the time of the early colonists, education has been an important element in our democracy. Our schools have been given the responsibility to educate the young citizens, that they might become responsible citizens in their chosen communities.

Of prime importance to us as students of Cedar Springs High School is our fine faculty. They give to us the knowledge and energy to succeed in life and the guidance to face the problems that come before us.

OUR RED FLANNEL DAY

Our Red Flannel Queen, Sally Morris.

Red Flannel Day dawned warm and sunny many students putting the finishing touches on their floats. Others were busy on the marching field practicing for the annual band contest. Immediately following the parade was the football game with Fremont. The day was appropriately climaxed with the crowning of the queen.

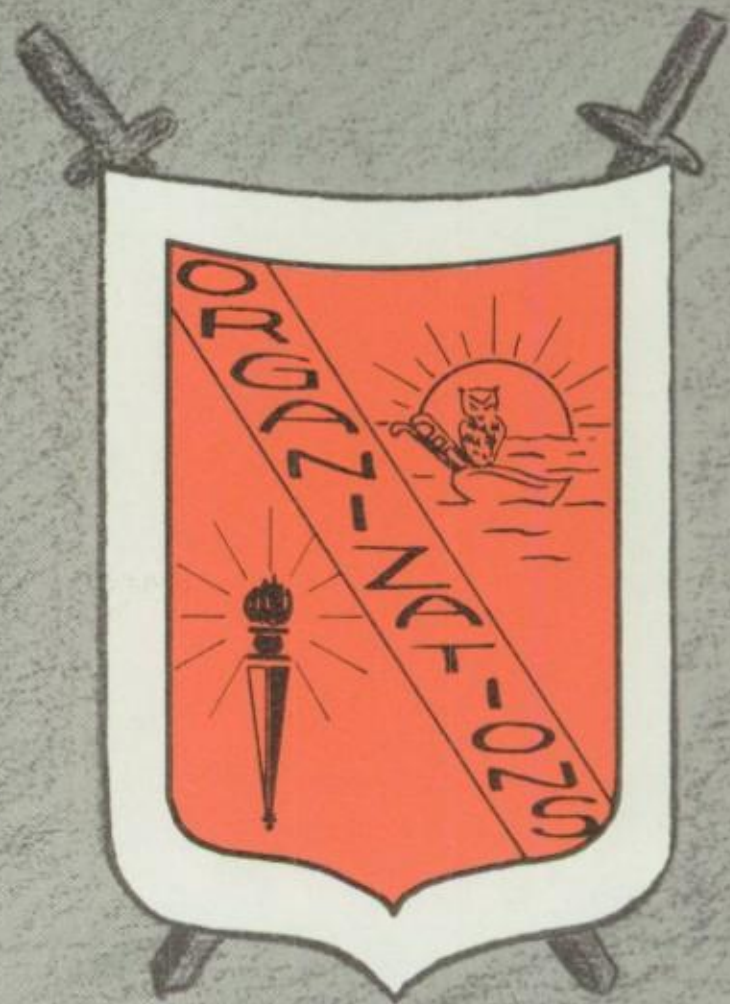

There were many floats in the Red Flannel Day Parade. Here are just a few.

The Queen's float.

The defeats were not a total loss though. The 1961 season will find a rebuilt and experienced team and will show much promise under the coaching of Mr. Pennington and Mr. Hornbrook.
